Term Adjunct Position
Academic Year 2020-2021**

Posting Date: 27 February 2020
Closing Date: 20 March 2020

The Department of Electrical and Computer Engineering at Queen's University requests applications from suitable qualified candidates interested in teaching the following undergraduate course in the 2020-2021 Fall Term Course: September 1, 2020 – December 31, 2020

Anticipated course enrolment: 100

Course Description

ELEC 353 – Electronics II

F 3-0.75-0.5

4.25

Analog and digital electronic circuits based on bipolar and field effect transistors introduced in ELEC 252 (Electronics I) will be studied. The course is subdivided into two parts; the design and operation of amplifiers and the operation of common logic families. Particular attention is paid to the transient and frequency response of the circuits. The course also includes a study of feedback as applied to the design and analysis of electronic circuits. The laboratory work is design oriented and complements the lecture material.

PREREQUISITE(S): [ELEC 252](#)

COREQUISITE(S): [ELEC 323](#) or [MTHE 326](#)

Qualifications:

Minimum of a M.A.Sc. in Engineering or a related field, or a BAsC in Engineering with extensive practical experience in engineering communications. Previous teaching experience at the University level will be preferred. Candidates should have excellent communication and presentation skills.
